

LCAPN DECEMBER 2009 NEWSLETTER

**PRESIDENT'S CORNER**

Hello everyone,

It was good to see you at Tristan's for the November meeting sponsored by Astellas. With the holidays around the corner I want to let you know about some changes you will see with our group in 2010. We will add more information to our website, including member's profiles and the directory online. This year you still receive the directory in the mail. In addition we will open our meetings to students so that they may have an opportunity to meet all of you and hear our speakers. As always members will get first chance at seats and extra spaces will be available to students at a small price.

Our next meeting in January, on the 12<sup>th</sup>, is sponsored by Tricountry Radiology and a radiologists will speak to us about ordering MRI, catscans and x-rays. Look for the meeting information and rsvp in the coming weeks .

I look forward to Happy holidays and wish you Peace, Joy and Love for 2010.

Annemarie Sipkes Donato, APRN FNP  
LCAPN President.
